### Course Team:

**Juliet Park** is national NVQ specialist, assessor, IQA and trainee EV, Director of MFL at Yewlands school, Lead Practitioner for the SSAT and author of innovative language materials.

**Wendy Adeniji** is a consultant for BBC Education, CILT and the QCA, regional advisor, author and national trainer.

Can I just say a huge thank you for 3 excellent training days - the best course I have been on in 17 years of teaching by far. The most impressive aspect of the course is that, being a teacher delivering NVQ yourself, you are able to answer our questions even before we pose them!

**Richard Stanton - Montsaye High School**

This course is very expertly run to give teachers all the necessary knowledge and skills to run the NVQ course in their schools, whilst minimising the workload and administrative burden on them. Run for teachers by teachers and providing meaningful professional development where not a single minute is wasted. I highly recommend this training."

**Rachel Hawkes - Director of Languages Comberton Village College**

I have been thoroughly impressed by the quality of training materials and support given to me as a trainee NVQ Assessor - it has certainly been second to none. My trainers have been on hand to help 24/7 - literally! The teaching resources have been the best investment - in terms of time and money - I have every made. They have saved me weeks upon weeks of planning and have made the most disillusioned of boys love learning Spanish once again! Thank you.

**Elena Mai Evans - Oasis Academy Brightstowe**

VLC'S IQA course has really helped me to develop both my own assessment practice and that of my colleagues. The materials and course requirements are simple and easy to follow whilst the delivery and follow up support provided is thorough and ensures that the learning will have real impact on all aspects of practice.

**Sue Chapman - Head of MFL, Mexborough School**
