## Training covers:

- Generic Assessor Training for teachers of all languages
- Understanding of the National Language Standards and structure of assessments
- How to make business languages exciting and inspiring
- Making the most of technology in the classroom
- Developing your pupils' language skills
- Examples from the **ilanguages** scheme of work

Course Team:

**Juliet Park** is Director of MFL at Yewlands school, Lead Practitioner for the SSAT, regional advisor, author and national NVQ specialist.

**Wendy Adeniji** is a consultant for BBC Education, CILT and the QCA, regional advisor, author and national trainer.

Can I just say a huge thank you for 3 excellent training days - the best course I have been on in 17 years of teaching by far. The most impressive aspect of the course is that, being a teacher delivering NVQ yourself, you are able to answer our questions even before we pose them!

**Richard Stanton Montsaye High School**

This course is very expertly run to give teachers all the necessary knowledge and skills to run the NVQ course in their schools, whilst minimising the workload and administrative burden on them. Run for teachers by teachers and providing meaningful professional development where not a single minute is wasted. I highly recommend this training."

**Rachel Hawkes Director of Languages Comberton Village College**
